ABOUT ORGANISERS

μLearn CHN

μLearn CHN is the official μLearn community chapter of the College of Engineering Chengannur (CEC), powered by GTech. Built on a culture of learning, collaboration, and innovation, it empowers learners, builders, and creators through peer learning, hands-on experiences, workshops, challenges, and community-led initiatives. By transforming ideas into real-world solutions, μLearn CHN nurtures innovators, problem-solvers, and future founders.

μLearn PRN

μLearn PRN is the official μLearn community chapter of the College of Engineering Perumon (CEP). Driven by a passion for innovation and continuous learning, it provides students with opportunities to collaborate, build, and grow through workshops, technical challenges, experiential learning, and community initiatives. By fostering creativity and practical problem-solving, μLearn PRN equips students with the skills and confidence to become future-ready professionals and changemakers.

μLearn JUKC

μLearn JUKC is the official μLearn community chapter of JAIN (Deemed-to-be University), Kochi. Rooted in a spirit of innovation, collaboration, and continuous learning, it brings together learners, creators, and problem-solvers to explore emerging technologies and strengthen practical skills. Through workshops, hackathons, technical challenges, and community-led initiatives, μLearn JUKC empowers students to transform ideas into impactful solutions while preparing them to become future-ready professionals and innovators.

ABOUT PARTNERS

IEDC KERALA

IEDC Kerala (Innovation and Entrepreneurship Development Centre) is a flagship initiative of the Kerala Startup Mission (KSUM) focused on fostering innovation and entrepreneurship among students. Initiatives such as Idea Box, IEDC NEST, Idea Fest, and IEDC Summit encourage students to turn ideas into solutions, build prototypes, gain mentorship, pitch their concepts, and explore entrepreneurship.

μLearn FOUNDATION

μLearn Foundation is a community-driven learning ecosystem focused on helping learners develop future-ready skills through peer learning, mentorship, collaboration, and real-world experiences. It connects students and innovators through interest groups, learning circles, challenges, events, and a Karma-based recognition system, encouraging continuous learning, contribution, and growth.

JAIN (DEEMED-TO-BE UNIVERSITY

JAIN (Deemed-to-be University), Kochi is a modern higher-education institution located at Knowledge Park, Kakkanad, offering undergraduate and postgraduate programmes across Management, Commerce, Humanities, Sciences, Engineering & Technology, and Design. The university emphasizes innovation, entrepreneurship, industry exposure, and holistic development, providing students with a future-focused learning environment that connects academic knowledge with real-world opportunities.

ABOUT THE INITIATIVE

What is INCINERATE?

INCINERATE is a flagship entrepreneurship initiative jointly organized by μ Learn CHN, μ Learn PRN, and μ Learn JUKC, designed to empower innovators, builders, and aspiring founders to transform ideas into tangible solutions. Built around the philosophy of learning through execution, the program provides participants with a structured platform to validate ideas, collaborate with peers, and develop working prototypes while receiving continuous guidance from mentors and industry experts.

More than a challenge, INCINERATE is the beginning of an entrepreneurial journey. Throughout the Build Phase, participants are supported through expert-led workshops, mentorship sessions, doubt-clearing discussions, and entrepreneurial acceleration programs that help refine ideas, strengthen execution, and accelerate product development. These initiatives provide practical exposure to innovation, product thinking, and entrepreneurship while fostering a culture of collaboration and continuous learning.

By creating an environment where ideas are nurtured and experimentation is encouraged, INCINERATE serves as a launchpad for ambitious individuals to connect with like-minded innovators, gain insights from experienced mentors, and take meaningful steps toward building impactful solutions, ventures, and communities that drive positive change.

OUR OBJECTIVES

Our mission is to provide innovators, builders, and aspiring founders with a platform to transform ideas into tangible solutions through mentorship, collaboration, and hands-on execution. By encouraging experimentation and real-world problem-solving, INCINERATE helps participants develop the skills, confidence, and mindset required to navigate the entrepreneurial journey.

Our vision is to establish a sustainable entrepreneurship ecosystem that nurtures future founders, accelerates innovation, and connects talent with opportunities. Through a growing network of creators, mentors, and industry leaders, INCINERATE aspires to become a launchpad for impactful ventures and a catalyst for meaningful change.

CHALLENGE JOURNEY

Phase 0 : Registration, Submission & Shortlisting

Timeline: September 05 - September 16

Participants register individually or in teams of 2–5 members and submit an innovative solution to a real-world challenge. All submissions are evaluated based on relevance, originality, feasibility, and potential impact. Following the initial evaluation, the top 40 teams are shortlisted to advance to the next phase. Teams that are not shortlisted receive a 70% refund of their registration fee, as per the event refund policy.

01

Registration & Idea Submission

Register individually or as a team of 2–5 members and submit your innovative solution to a real-world problem.

02

Initial Evaluation

All submissions are evaluated based on relevance, originality, feasibility, and potential impact.

03

Initial Shortlisting

The top 40 teams from the evaluation are shortlisted to advance to the next phase.

04

Refund Process

Teams that are not shortlisted for the next phase receive a 70% refund of their registration fee, as per the event refund policy.

CHALLENGE JOURNEY

Phase 1 : Online Pitching & Shortlisting

Timeline: September 17 - September 21

The top 40 teams shortlisted from Phase 0 advance to the Online Pitching round. Each team gets 5 minutes to pitch their solution, followed by 5 minutes of Q&A with an expert panel. Based on the pitching evaluation, the top 20 teams will be shortlisted for the next phase. Teams eliminated at this stage will receive a 50% refund of their registration fee, as per the event refund policy.

01

Online Pitch

Present your solution to the expert panel in 5 minutes, covering the problem, proposed solution, innovation, feasibility, and potential impact

02

Expert Q&A

Engage with the panel for 5 minutes of questions and discussion to defend and elaborate on your idea.

03

Shortlisting

Based on the pitch and evaluation, the top 20 teams advance to the next phase.

04

Refund Process

Teams not selected for the next phase receive a 50% refund of their registration fee, as per the event refund policy.

Phase 1

CHALLENGE JOURNEY

Phase 2: Build Phase & Final Shortlisting

Timeline: September 22 - October 05

The top 20 teams enter a two-week intensive Build Phase, transforming their ideas into functional, impactful products. Teams work closely with expert mentors through frequent mentorship sessions, workshops, and feedback reviews to refine both their product and final pitch. At the end of the phase, teams are evaluated on their product, progress, innovation, and pitch, with the top 10 teams advancing to the next phase.

01

Build Sprint

Turn your idea into a functional product through two weeks of focused building, testing, and refinement.

02

Expert Mentorship

Participate in frequent mentor sessions, workshops, and feedback reviews to strengthen your product and sharpen your final pitch.

03

Product & Pitch Refinement

Validate your solution, improve your product, and craft a compelling final pitch with guidance from industry experts.

04

Final Shortlisting

Teams are evaluated on their product, innovation, feasibility, impact, and pitch, with the top 10 teams advancing to the next phase.

Phase 2

CHALLENGE JOURNEY

Final Phase : Final Presentation & Community Integration

Event Day: October 10

The top 10 finalist teams take the stage to showcase their products before a distinguished judging panel of entrepreneurs, industry experts, and mentors. Each team gets 10 minutes to present and demonstrate their product, followed by 10 minutes of Q&A with the judges. Based on the final evaluation, the winning teams will receive incubation and market support to help take their solutions beyond the competition.

01

Final Presentation

Present and demonstrate your product before the judging panel in 10 minutes, showcasing your solution, innovation, impact, and potential.

02

Judges' Q&A

Engage with the panel for 10 minutes of questions and discussion, defending your approach and demonstrating your product's potential.

03

Winners & Recognition

The winning teams are selected based on their product, pitch, innovation, feasibility, impact, and overall potential.

04

Incubation & Market Support

Winners receive incubation and market support to further develop, validate, and take their products to the market.

FINAL

PARTICIPATION GUIDELINES

Eligibility

Open to students, innovators, builders, and aspiring entrepreneurs passionate about solving real-world problems.

Registration Fee

A ₹149 commitment fee per participant is required during registration.

µLearner Benefit

µLearners with Level 5 and 10K+ Karma Points are eligible for a full refund of the registration fee, subject to the applicable terms and conditions.

Team Formation

Participation is strictly team-based, with each team comprising 2 to 5 members.

PARTICIPATION GUIDELINES

Refund Policy

Teams not shortlisted after Phase 0 will receive a 70% refund, while teams eliminated after Phase 1 will receive a 50% refund. Duplicate payments will receive a 100% refund.

Build & Submit

Shortlisted participants must actively participate in the Build Week and submit a working prototype before the deadline.

Evaluation

Ideas and prototypes will be assessed based on innovation, feasibility, execution, and impact.

Code of Conduct

Participants are expected to maintain professionalism, respect fellow participants, mentors, and organizers, and uphold the collaborative spirit of the program.
